

SCHOOL OF BUSINESS ECONOMICS AND MANAGEMENT

WHO ARE WE?

The School of Business Economics and Management (SBEM) at University American College Skopje is the only ACBSP internationally accredited school in the Republic of North Macedonia. It has been ranked as the best school of business and economics in the country by IDEAS REPEC for several years in a row, and is also ranked as the No1 private university in North Macedonia according to the Jiao Tong ARWU Ranking.

The School of Business Economics and Management brings together excellent teaching staff with a student/teacher ratio of 18:1 and applies the Harvard Business School learning methods. With over 30 faculty members whose knowledge and experience are unparalleled, SBEM provides students a unique exposure to both theoretical and practical topics, offering an exclusive opportunity to learn from the best academic and business minds.

WHAT DO WE STAND FOR?

The School of Business Economics and Management is dedicated to providing excellent education to students and creating the professionals that the modern business world needs. We have carefully designed curricula that enable students to learn from vast academic material from renowned authors, using the latest research methods and understanding the most contemporary business analyses.

Having provided that, we are also dedicated to introducing students to the real world and adapting them to the needs of the modern businesses. This is done with practical information during the studies, delivered by professors of practice, and also with direct immersion in the business and corporate world, through internships and job offers in various companies, with UACS serving a point of contact and networking.

The School of Business Economics and Management at UACS also offers additional services that support student education in terms of academic advising and tutoring through the Tutoring Assistance Student Club (TASC). In addition to this, SBEM fosters close alumni relations, caring for the students even after they graduate. We keep track of the milestones and successes of our students and serve as base for career improvement, constantly organizing various activities and offering professional services and opportunities.

OUR FACULTY

The UACS SBEM Faculty combines academics who are recognized scholars with significant science and theory achievements, with professors of management practice, who are business experts, company CEOs and eminent experts in their respective industries. Also, UACS SBEM provides international exposure by organizing classes conducted by international lecturers from renowned universities.

OUR TEACHING PHILOSOPHY

Our aim is to bring out the individual potential of each student and develop their professional skills. This is done not by teaching theory and facts only, but with application of the knowledge and by gaining practical skills also. Besides lectures, the education concept also includes role play, case study analysis, solving practical problems and work on individual and team projects in real companies, starting from market research and writing marketing plans, all the way to measuring employee satisfaction.

The students use Moodle, an online learning platform which is standard in world class education and is used by over 80% of world universities. Moodle provides students 24/7 access to teaching materials, lectures, presentations, templates for projects, etc.

The lectures are conducted in English, using contemporary textbooks and teaching materials from world renowned universities. The curriculum is designed to stimulate individual work and teamwork, as well as foster development of soft skills. Students are also encouraged to develop and improve their presentation and communication skills in English.

UACS BUSINESS COUNCIL

The cooperation with the UACS Business Council is a key factor for developing highly professional staff for modern companies. The UACS Business Council is comprised of 150 leading companies from various business sectors – banks, telecommunication companies, insurance companies, finance companies, advertising agencies, and a large number of successful small and medium enterprises. Providing adjustment of the curricula to the needs of the real business sector, the UACS Business Council is an additional opportunity for career development of the UACS candidates.

GIVING BACK TO COMMUNITY

Our programs also nurture social responsibility in candidates, inviting them to respect the community they live in by being responsible members of society. This is why UACS organizes plenty of socially responsible events and project in which they are actively involved.

UNDERGRADUATE PROGRAMS AND CONCENTRATIONS

The SBEM at UACS offers undergraduate studies in several concentrations.
